Profile

Passionate and detail-oriented technology enthusiast with experience in software development, AI/ML, web applications, and data analytics. Skilled in building scalable solutions, automation tools, and intelligent systems using modern technologies. Strong problem-solving abilities with a focus on workflow optimization, innovation, and creating impactful digital experiences. Seeking entry-level IT opportunities to contribute technical expertise and continuously grow in dynamic environments.

Technical Skills

- **Programming:** Python, Java, C, C++
- **Web Development:** MERN Stack, HTML, CSS, JavaScript
- **Data & AI/ML:** Pandas, NumPy, Scikit-learn, Matplotlib, SQL/MySQL
- **Other:** Networking (TCP/IP), Streamlit, Git/GitHub

Projects

- 1) **Fake Job Detection System (SCAMGUARD_AI)** – MERN + AI
NLP + ML powered web app detecting fraudulent job postings. Integrated fraud scoring, confidence metrics, and real-time recommendations.
- 2) **AI Chatbot (Python, Streamlit)**
Interactive chatbot for FAQs & academic queries with real-time responses.
- 3) **AI Resume Screening Tool (Python, Streamlit)**
Resume analyzer with ML-based keyword extraction, scoring, and candidate ranking.
- 4) **Aesthetic Calculator Web App**
Responsive pastel-themed calculator deployed on Netlify.

Certifications

- Python for Data Science – NPTEL (Aug 2025)
- TATA GenAI Data Analytics Job Simulation (Jul 2025)
- Artificial Intelligence & Machine Learning (Python) (Aug 2024)

Education

- **BCA – Chaitanya Deemed To Be University** | GPA: 10.0 | 2023–2026
- **Intermediate – Sindhu Junior College** | GPA: 950/1000 | 2021–2023
- **SSC – Rahmania High School** | GPA: 10.0 | 2020–2021
